Phycological Research

EDITOR-IN-CHIEF
Ken-ichiro Ishida
Graduate School of Life and Environmental Sciences, University of Tsukuba, Japan

ASSOCIATE EDITORS
John M. Archibald
Department of Biochemistry and Molecular Biology, Dalhousie University, Canada

Olivier De Clerck
Biology Department, Ghent University, Belgium

Yui Imagaki
Center for Computational Science, University of Tsukuba, Japan

Mitsunobu Kamiya
Department of Marine Bioscience, Faculty of Biotechnology, Fukui Prefectural University, Japan

Ulf Karsten
Institute of Aquatic Ecology - Applied Ecology, University of Rostock, Germany

Jeong Ha Kim
Department of Biological Sciences, Sungkyunkwan University, Korea

Gwang Hoon Kim
Department of Biology, Konkuk National University, Korea

Kazuhiko Koike
Graduate School of Biosphere Science, Hiroshima University, Japan

Brian S. Leander
Departments of Zoology and Botany, University of British Columbia, Canada

Shigeki Mayama
Department of Biology, Tokyo Gakugei University, Japan

Ichiro Mine
Graduate School of Kuroshio Science, Kochi University, Japan

Hideaki Miyashita
Department of Technology and Ecology, Graduate School of Global Environmental Studies,Kyoto University, Japan

Taizo Motomura
Field Science Center for Northern Biosphere, Hokkaido University, Japan

Hisayoshi Nozaki
Department of Biological Sciences, Graduate School of Science, University of Tokyo, Japan

Makoto Watanabe
Graduate School of Life and Environmental Sciences, University of Tsukuba, Japan

John West
School of Botany, University of Melbourne, Australia

Giuseppe C. Zuccarello
School of Biological Sciences, Victoria University of Wellington, New Zealand

This journal is available online at Wiley Interscience. Visit www.interscience.wiley.com to search the articles and register for table of contents email alerts.

Access to this journal is available free online within institutions in the developing world through the AGORA initiative with the FAO, and the OARE initiative with UEP. For information, visit http://www.aginternetwork.org, www.oarescience.org.

AIMS AND SCOPE Phycological Research is published by the Japanese Society of Phycology and complements the Japanese Journal of Phycology. The Journal publishes international, peerreviewed research dealing with all aspects of phycology to facilitate the international exchange of results. All articles are peer-reviewed by at least two researchers expert in the field of the submitted paper. Phycological Research has been credited by the International Association for Plant Taxonomy for the purpose of registration of new nonvascular plant names (including fossils). For further information see http://bglm3.tbwm.fu-berlin.de/apt/registration/journals/htm.

ABSTRACTING AND INDEXING SERVICES This journal is indexed by Aquatic Sciences & Fisheries Abstracts, BIOBASE, Biological Abstracts, BIOSIS Previews, Biotechnology & Bioengineering Abstracts, Cambridge Scientific Abstracts, Chemical Abstracts Service, Current Awareness in Biological Sciences, Current Contents, Ecological Abstracts, EMBASE/Excerpta Medica, Environmental Sciences and Pollution Management, GEOBASE, Irrigation and Drainage Abstracts, Microbiology Abstracts, Oceanic Abstracts, Pollution Abstracts, ProQuest (previously University Microfilms), Referativnyi Zhurnal, Science Citation Index (ISI), Soils and Fertilizers, Weed Abstracts, Zoological Record, National Inquiry Services Centre (NISC).

THE JAPANESE SOCIETY OF PHYCOLOGY We invite anyone who is interested in any aspect of phycology to become a member of the Society. As a member you will receive Phycological Research and the Japanese Journal of Phycology free of charge. The annual membership fee for individuals ¥8000. Members who reside outside Japan will receive only the English language journal Phycological Research and the annual membership fee is ¥7000 (standard), ¥5000 (student).

Those who wish to join the Society should send the application form (at the back of each issue of the Journal), together with payment, to the Membership Secretary, Dr Chikako Nagata, at the address given on the form. Members who wish to claim for missing or damaged issues should contact the Membership Secretary.

ADDRESS FOR EDITORIAL CORRESPONDENCE Ken-ichiro Ishida, Graduate School of Life and Environmental Sciences, University of Tsukuba, Tsukuba, Ibaraki 305-8572, Japan (E-mail: ishida@sakura.cc.tsukuba.ac.jp).

DISCLAIMER The Publisher, Society and Editors cannot be held responsible for errors or any consequences arising from the use of information contained in this journal; the views and opinions expressed do not necessarily reflect those of the Publisher, Society and Editors, neither does the publication of advertisements constitute any endorsement by the Publisher, Society and Editors of the products advertised.

Cover: Two germlings of the alga Stylonema alsidii (Stylonematophyceae). Its simple morphology belies its complex pattern of actin evolution.

Note to NIH Grantees Pursuant to NIH mandate, Wiley-Blackwell will post the accepted version of contributions authored by NIH grant-holders to PubMed Central upon acceptance. This accepted version will be made publicly available 12 months after publication. For further information, see www.wiley.com/go/nihmandate.

For submission instructions, subscription and all other information visit http://www.blackwellpublishing.com/pre

PREFJEJB.May09
The Japanese Society of Phycology
Officers for 2009–2010
President: Takeo Horiguchi, Faculty of Science, Hokkaido University, Sapporo 060-0810, Japan
Secretary: Kazuhiko Kogame, Faculty of Science, Hokkaido University, Sapporo 060-0810, Japan
Public Relations Secretary: Yukimasa Yamagishi, Faculty of Life Science and Biotechnology, Fukuyama University, Fukuyama 729-0292, Japan
Membership Secretary: Chikako Nagasato, Field Science Center for Northern Biosphere, Hokkaido University, Muroran 051-0003, Japan
Secretary for International Affairs: Shinya Uwai, Faculty of Science, Niigata University, Niigata 950-2181, Japan
Treasurer: Tsuyoshi Abe, The Hokkaido University Museum, Hokkaido University, Sapporo 060-0810, Japan

Members of Executive Council 2009–2010
John J. Bolton University of Cape Town, South Africa
Isao Inouye University of Tsukuba, Japan
Mitsunobu Kamiya Fukui Prefectural University, Japan
Hironao Kataoka Tohoku University, Japan
Masanobu Kawachi National Institute for Environmental Studies, Japan
Shigeo Kawaguchi Kyushu University, Japan
Hiroshi Kawai Kobe University, Japan
Miyuki Maegawa Meisei University, Japan
Shigeki Mayama Tokyo Gakugei University, Japan
Shinichi Miyamura University of Tsukuba, Japan
Hideaki Miyashita Kyoto University, Japan
Hiroyuki Mizuta Hokkaido University, Japan
Noboru Murase National Fisheries University, Japan
Nobuyoshi Nonba Kitasato University, Japan
Jeannine L. Olsen University of Groningen, Netherlands
Shuji Ohtani Shimane University, Japan
Jiro Tanaka Tokyo University of Marine Science and Technology, Japan
Ryuta Terada Kagoshima University, Japan
John A. West University of Melbourne, Australia
Hajime Yasui Hokkaido University, Japan

JOIN THE JAPANESE SOCIETY OF PHYCOLOGY AND RECEIVE FOUR ISSUES OF PHYTOLOGICAL RESEARCH PER YEAR FREE OF CHARGE

The Japanese Society of Phycology, founded in 1952, currently has 760 members (including 105 overseas members). The Society is open to anyone who is interested in pure or applied aspects of phycology.

Application for membership

(Please type or write in block letters) Membership starts from 2009

Name in full: (Family name) (Given name and initials)

Mailing address:

Telephone: Fax: (Postal code) (Country)

E-mail: Interests:

Signature: Date:

The annual fee for individual members is ¥8000
(¥7000 for members who reside outside Japan, ¥5000 for students who submit a verifying statement signed by their Chairperson or Head of Department)

Payment by:

- Visa
- MasterCard
- American Express

Card number: Expiry date:

Signature:

- International giro postal transfer (Postal Account No.: 01320-4-48748)
- International postal money order

Send application form to: Dr Chikako Nagasato
Muroran Marine Station
Field Science Center for Northern Biosphere
Hokkaido University
Muroran 051-0003, Japan
Fax: +81-143-22-4135
Email: jsp@wwwsoc.nii.ac.jp
Ryoma Kamikawa, Hiroshi Nishimura and Yoshihiko Sako
Analysis of the mitochondrial genome, transcripts, and electron transport activity in the
dinoflagellate Alexandrium catenella (Gonyaulacales, Dinophyceae)

Antoine D. R. N’Yeurt and Claude E. Payri
Four new species of Rhodophyceae from Fiji, Polynesia and Vanuatu, South Pacific

Shinya Sato, Satoko Matsumoto and Linda K. Medlin
Fine structure and 18S rDNA phylogeny of a marine araphid pennate diatom Plagiostriata
goreensis gen. et sp. nov. (Bacillariophyta)

Ti Feng Shan and Shao Jun Pang
Assessing genetic identity of sporophytic offspring of the brown alga Undaria pinnatifida
derived from mono-crossing of gametophyte clones by use of amplified fragment length
polymorphism and microsatellite markers

Pooja Baweja, Dinabandhu Sahoo, Pilar García-Jiménez and Rafael R. Robaina
Review: Seaweed tissue culture as applied to biotechnology: Problems, achievements
and prospects

Giuseppe C. Zuccarello, Michael Oellermann, John A. West and Olivier De Clerck
Complex patterns of actin molecular evolution in the red alga Stylophora alsidii
(STylonematophyceae, Rhodophyta)

Toshio Sakamoto, Takayuki Yoshida, Hiromi Arima, Yuji Hatanaka, Yayoi Takani and Yoshiyuki Tamaru
Accumulation of trehalose in response to desiccation and salt stress in the terrestrial
cyanobacterium Nostoc commune

Aki Kato, Silvía M. P. B. Guimarães, Hiroshi Kawai and Michio Masuda
Characterization of the crustose red alga Peyssonnelia japonica (Rhodophyta, Gigartinales)
and its taxonomic relationship with Peyssonnelia boudouresquei based on morphological
and molecular data
