Volume 61 • Issue 1 • January 2013

|   |    |
|---|----|
| Micheline Kézia Cordeiro-Araújo and Maria do Carmo Bittencourt-Oliveira<br><i>Active release of microcystins controlled by an endogenous rhythm in the cyanobacterium Microcystis aeruginosa</i>  | 1  |
| Ryo Hoshina, Emi Sato, Aika Shibata, Yuko Fujiwara, Yasushi Kusuoka and Nobutaka Imamura<br><i>Cytological, genetic, and biochemical characteristics of an unusual non-Chlorella photobiont of Stentor polymorphus collected from an artificial pond close to the shore of Lake Biwa, Japan</i> | 7  |
| Aki Kato, Masasuke Baba and Shoichiro Suda<br><i>Taxonomic circumscription of heterogeneous species Neogoniolithon brassica-florida (Corallinales, Rhodophyta) in Japan</i>   | 15 |
| Yuji Tomaru, Kensuke Toyoda, Kei Kimura, Yoshitake Takao, Kiyonari Sakurada, Natsuko Nakayama and Keizo Nagasaki<br><i>Isolation and characterization of a single-stranded RNA virus that infects the marine planktonic diatom Chaetoceros sp. (SS08-C03)</i>                                   | 27 |
| Li-na Zhao, Wen-fang Gong, Xi-wen Chen and De-fu Chen<br><i>Characterization of genes and enzymes in Dunaliella salina involved in glycerol metabolism in response to salt changes</i>  | 37 |
| Raymond J. Lewis, Molly K. Green and Melinda E. Afzal<br><i>Effects of chelated iron on oogenesis and vegetative growth of kelp gametophytes (Phaeophyceae)</i>   | 46 |
| Kensuke Ichihara, Kazuyuki Miyaji and Satoshi Shimada<br><i>Research note: Comparing the low-salinity tolerance of Ulva species distributed in different environments</i>   | 52 |
| Liyuan Hou, Pengyu Wang, Fantao Kong, Hyunsun Park, Kazuya Kobiro and Takeshi Ohama<br><i>Research note: Mesoporous TiO<sub>2</sub> nanoparticles: A new material for biolistic bombardment</i>   | 58 |
| Maria Carolina S. Soares, Miquel Lürling and Vera L. M. Huszar<br><i>Growth and temperature-related phenotypic plasticity in the cyanobacterium Cylindrospermopsis raciborskii</i>  | 61 |
| Hiroshi Yamashita and Kazuhiko Koike<br><i>Genetic identity of free-living Symbiodinium obtained over a broad latitudinal range in the Japanese coast</i>   | 68 |

This journal is available online at *Wiley Online Library*. Visit [wileyonlinelibrary.com](http://wileyonlinelibrary.com) to search the articles and register for table of contents email alerts.

Access to this journal is available free online within institutions in the developing world through the AGORA initiative with the FAO, and the OARE initiative with UEP. For information, visit <http://www.aginternetwork.org>, [www.oarescience.org](http://www.oarescience.org).

**AIMS AND SCOPE** *Phycological Research* is published by the Japanese Society of Phycology and complements the *Japanese Journal of Phycology*. The Journal publishes international, peer-reviewed research dealing with all aspects of phycology to facilitate the international exchange of results. All articles are peer-reviewed by at least two researchers expert in the field of the submitted paper. *Phycological Research* has been credited by the International Association for Plant Taxonomy for the purpose of registration of new non-vascular plant names (including fossils). For further information see <http://bgbm3.bgbm.fu-berlin.de/iapt/registration/journals/htm>.

**ABSTRACTING AND INDEXING SERVICES** This journal is indexed by Aquatic Sciences & Fisheries Abstracts, BIOBASE, Biological Abstracts, BIOSIS Previews, Biotechnology & Bioengineering Abstracts, Cambridge Scientific Abstracts, Chemical Abstracts Service, Current Awareness in Biological Sciences, Current Contents, Ecological Abstracts, EMBASE/Excerpta Medica, Environmental Sciences and Pollution Management, GEOBASE, Irrigation and Drainage Abstracts, Microbiology Abstracts, Oceanic Abstracts, Pollution Abstracts, ProQuest (previously University Microfilms), Referativnyi Zhurnal, Science Citation Index (ISI), Soils and Fertilizers, Weed Abstracts, Zoological Record, National Inquiry Services Centre (NISC).

**THE JAPANESE SOCIETY OF PHYCOLOGY** We invite anyone who is interested in any aspect of phycology to become a member of the Society. As a member you will receive *Phycological Research* and the *Japanese Journal of Phycology* free of charge. The annual membership fee for individuals ¥8000. Members who reside outside Japan will receive only the English language journal *Phycological Research* and the annual membership fee is ¥7000 (standard), ¥5000 (student).

Those who wish to join the Society should send the application form (at the back of each issue of the Journal), together with payment, to the Membership Secretary, Dr Chikako Nagasato, at the address given on the form. Members who wish to claim for missing or damaged issues should contact the Membership Secretary.

**ADDRESS FOR EDITORIAL CORRESPONDENCE** Ichiro Mine, Graduate School of Kuroshio Science, Kochi University, 2-5-1 Akebono-cho, Kochi, Kochi 780-8520, Japan (E-mail: [mine@kochi-u.ac.jp](mailto:mine@kochi-u.ac.jp)).

**DISCLAIMER** The Publisher, Society and Editors cannot be held responsible for errors or any consequences arising from the use of information contained in this journal; the views and opinions expressed do not necessarily reflect those of the Publisher, Society and Editors, neither does the publication of advertisements constitute any endorsement by the Publisher, Society and Editors of the products advertised.

## Note to NIH Grantees

Pursuant to NIH mandate, Wiley-Blackwell will post the accepted version of contributions authored by NIH grant-holders to PubMed Central upon acceptance. This accepted version will be made publicly available 12 months after publication. For further information, see [www.wiley.com/go/nihmandate](http://www.wiley.com/go/nihmandate).

For submission instructions, subscription and all other information visit <http://wileyonlinelibrary.com/journal/pre>
